In conjunction with their filters, the ULT 260 filter devices offer a specific solution for all extraction purposes.

ULT AG offers a range of selected suction hoses and accessories for individually configuring the ULT 260.

The 90° bends and sleeves allow space-saving, permanent installation. The range includes products with diameter DN50 and DN80.

The ULT 260 is integrated into your machine via the SubD9- connection cable.

For worldwide operation, ULT provides country-specific power cables free of charge: in addition to the standard European CEE 7/7 cable, these also include Swiss, UK and US cables as desired.

ULT AG offers selected models as protective measures against sparks. For low spark creation, we recommend the option for spark protection in the particle filter F9. Alternatively, ATEX-certified spark pre-separators are available for a higher safety level.

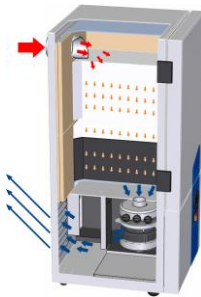

In depth information regarding the use and interpretation of spark arrestors can be found in the according technical documentation, which is provided by ULT AG.

Devices

The accessory portfolio relates to the following devices:

**LAS – Laser Fumes**

LAS 260 MD.14 FK Interface SUB D9 Spark protection in particle filter F9	250 m <sup>3</sup> /h - VF	LAS 0260.0-MD.14.10.5014 9-00060 9-00062
LAS 260 HD.16 FK Interface SUB D9 Spark protection in particle filter F9	160 m <sup>3</sup> /h - VF	LAS 0260.0-HD.16.10.5014 9-00060 9-00062
LAS 260 HD.19 FH Interface SUB D9 Additional adsorption filter Spark protection in particle filter F9	200 m <sup>3</sup> /h - VF	LAS 0260.0-HD.19.10.3012 9-00060 9-00061 9-00062
LAS 260 HD.19 FK Interface SUB D9 Spark protection in particle filter F9	200 m <sup>3</sup> /h - VF	LAS 0260.0-HD.19.10.5014 9-00060 9-00062

DN50 extraction system

**Hoses**

Suction hose DN 50, per meter	antistatic, without accessories	6-06757
Suction hose DN 50, 2 meter	antistatic, with adapter piece	3-00430
Suction hose DN 50, 3 meter	antistatic, with adapter piece	3-00431
Suction hose DN 50, 5 meter	antistatic, with adapter piece	3-00432

**Hoses accessories**

End piece DN 50	antistatic, connection device to hose	3-00434
-----------------	--	---------

DN80 extraction system

**Hoses**

Flexible extraction hose DN 80, 2m	Antistatic, incl. 90° bend, socket and worm drive hose clips	3-00489
Flexible extraction hose DN 80, 3m	Antistatic, incl. 90° bend, socket and worm drive hose clips	3-00490
Flexible extraction hose DN 80, 5m	Antistatic, incl. 90° bend. socket and worm drive hose clips	3-00491
Flexible extraction hose DN 80, per meter	Antistatic, without accessories	6-06874

**Hoses accessories**

Bend 90° DN 50	Antistatic, incl. worm drive hose clip	3-00496
Socket DN 50	Antistatic, incl. worm drive hose clip	3-00497
Reducer DN 80 - DN 75	Antistatic, incl. worm drive hose clip	3-00499

Interface accessories

**Interface accessories**

Interface cabel SUB D9	incl. SUB D9-Male adapter, Length 10,00 m	6-06293
------------------------	--	---------

**Device power cables – supplied free of charge with ordered device**

Swiss device power cable	Length 3.00 m	6-11034
--------------------------	---------------	---------

UK device power cable	Length 2.00 m	on request
-----------------------	---------------	------------

USA device power cable	Length 2.00 m	on request
------------------------	---------------	------------

EU device power cable (CEE 7/7)	Lenght 3,00 m	6-06014
---------------------------------	---------------	---------

Spark protection

**Pre-collectors**

Spark arrestor NT125, 200 – 400 m <sup>3</sup> /h (only for HD.19 devices)	incl. 2 pipe clamps	3-00009
--	---------------------	---------

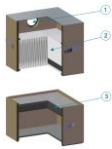

Spark arrestor NT152, 250 – 700 m <sup>3</sup> /h	incl. 2 pipe clamps	3-00010

Spark protection in particle filter F9		9-00062
---	--	---------

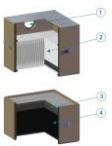

Replacement filter

**LAS**

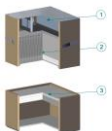

**Filter FH**

Particle filter cassette F9	4-00107
Particle filter cassette H14	4-00027

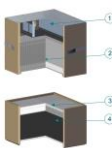

**Filter FK**

Particle filter cassette F9	4-00107
Combined filter cassette H14A10	4-00109

**Filter FSFH**

Particle filter cassette FsF9	4-00108
Particle filter cassette H14	4-00027

**Filter FSFK**

Particle filter cassette FsF9	4-00108
Combined filter cassette H14A10	4-00109
